

CAL+

ROAD MAINTENANCE

sfgridroadmaintenance.com

If you're looking for a great alternative product with similar results to liquid calcium, Cal Plus is it. Cal Plus has a working temp of -20 degrees Fahrenheit and achieves that with a blend of chlorides. Cal Plus Works great for pre-treating at the spinner, anti-icing, and deicing application. Cal Plus can be purchased in semi loads or 250-gallon totes.

APPLICATIONS

- CAL Plus can also be applied directly to pavement as an anti/deicer
- Working temperature down to -20°F
- Great for Ice Control
- CAL Plus is also a effective pre-wet for salt at the spinner and activates the brining process.
