Additional Footage - \$.72 per foot per application

(Maximum road width we spray is 20 feet)

PRICES INCLUDE TAX

Calcium chloride is produced from natural brine deposits found underground. It attracts moisture; this is what makes it an excellent dust control agent. **SFG does NOT guarantee complete suppression of dust, because weather, traffic and road conditions may affect the treated area. Two applications are highly recommended. It is dust control, not complete dust elimination.**

**Stakes must be picked up at the Appanoose County Secondary Roads Shed ONLY. (These are the only approved stakes- any others will not be considered.) Stakes must be in place from May 5<sup>th</sup> to October**

**1<sup>st</sup>. Stakes should be placed approximately 6' from the edge of the road on the traffic side for easy visibility. Failure to place and maintain stakes WILL result in loss of dust control.**

Our trucks are equipped with computer equipment that measures the exact footage being sprayed. If the stakes are not set to the correct footage purchased, we will go to the purchased footage. If the area is not marked by stakes the driver will use their best judgment for the treated area.

**Weather permitting and approval from county, we plan to apply dust control on/around May 17<sup>th</sup> - May 24<sup>th</sup>. The second application will be sprayed at the end of July/ early August. Anybody wishing two applications MUST apply for both by the deadline. Product SDS sheets are available upon request at Smith Fertilizer & Grain.**

SIGN UP DEADLINE:

**April 25th**

RETURN PERMIT & PAYMENT

TO:

SMITH FERTILIZER & GRAIN  
702 East Jasper Street  
Pleasantville, IA 50225

**CUSTOMER RESPONSIBILITIES PER COUNTY**

- 1) Appanoose County reserves the right to perform maintenance (such as blading and granular resurfacing) through areas of dust control to level uneven or rough areas, without liability for the cost of any new dust control application. All dust control applications will be graded after October 1<sup>st</sup>. Appanoose County Grader Operators will place rock AT THEIR DISCRETION ONLY.
- 2) **Appanoose County has implemented a \$50 application fee. Contact Appanoose County with any questions.**
- 3) Any person desiring to have dust control on a section of road under county jurisdiction shall be responsible for hiring an approved contractor.
- 4) The normal, minimal treatment available will be 300 linear feet with treatment being applied in one or two separate applications. The scheduling of these applications will be the responsibility of the resident- selected contractor in compliance with Appanoose County's request. Appanoose County may prepare the site prior to the application by the chosen contractor depending on the need to do so.

**\*\*\*Payments will be processed when application is received\*\*\***
